RULES FOR ARTISTIC EXHIBITORS (See General Rules for all show exhibitors)

- 1** Exhibitors do not have to grow the daffodils used in their designs. Exhibitors may by others and many extra daffodils will be available for design use in the show prep area.
- 2** Anyone may enter but may make only one entry in each class. Each arrangement must be wholly the work of the exhibitor.
- 3** Each arrangement must feature daffodils as the dominant plant material. No artificial plant or plant-like material is permitted. Names of daffodils, if known, should be listed on the Show Entry Card.
- 4** Containers and accessories should be marked with name and address of the exhibitor. The Daffodil Society of Minnesota will take reasonable care but cannot be held responsible for loss or damage to personal property during the show.
- 5** Mats, bases, accessories and backgrounds may be used in all classes. The exhibitor must provide support for any background used with an arrangement.
- 6** Exhibitors may enter arrangements in only one of three categories:
"Amateur," defined as an exhibitor who has won not more than five blue ribbons (cumulative) in the Artistic and/or Design sections of flower shows;
"Youth," defined as an exhibitor 18 years of age or younger; or
"Open," a category that anyone may enter.
- 7** Exhibitors must enter **A, Y, or O** in the Section area of the Show Entry Card, and place their arrangements in the appropriate area of the show tables.
- 8** Only one First, one Second, and one Third Ribbon may be awarded in each class. Honorable Mention Ribbons may also be given if merited. The best artistic design (Grand Champion) will be given the "Julius J. Wadepammer Award." A Reserve Champion Award will also be awarded.
- 9** If the number of entries so warrant, and at the discretion of the Show Committee, classes may be subdivided by category of exhibitor.
- 10** Decisions of the judges are final. Blank cards will be provided for judges to write comments for each exhibit.

FEDERATED GARDEN CLUB SCALE OF POINTS FOR JUDGING:

Design (elements, principles)	42
Artistic Concept (selection and organization)	12
Expression (interpretation of class)	10
Distinction (marked superiority in all respects)	16
Total	100

- 13** The Royal Horticultural Society System of Classification will be used. Labeling authority for division, color code, year and originator is *Daffodils to Show and Grow*, as amended annually in the December *ADS Journal* and supplemented by the ADS Daffodil Data Bank.
- 14** Color and Color Zone Definitions: The words "pink cup," for example, describe daffodils where that color is solid, 2 W-P, or present in two adjacent zones, 2 W-GPP or 2 W-PPY. The words "pink in cup" include daffodils with one or more cup zones of pink. The words "rimmed with pink" describe daffodils with pink only on the outer cup zone. "Colored" is any color other than white. "Predominantly" means the same color in at least two adjacent zones. A "reverse bicolor" has a predominantly colored perianth and a predominantly white cup.
- 15** Each stem in an exhibit receiving an ADS Award must score at least 90 on the appropriate ADS Scale of Points. However, if a Blue ribbon (First) has been awarded in a class eligible for an ADS Award, the judges may not withhold the ADS Award.
- 16** The decision of the judges is final. If an error is discovered in an exhibit after completion of judging, any award placed thereon (ADS or Premier Ribbon) shall be forfeited by the exhibitor. If an error is discovered before the judging is completed, the class must be rejudged.

GENERAL RULES: HORTICULTURAL & ARTISTIC EXHIBITORS

- 1 Exhibits may be entered from 7:00-10:30 a.m. on Saturday, May 5th. Exhibits may not be removed prior to the close of the show on Sunday, May 6th, at 5:00 p.m., but must be removed by 5:30 p.m. All staging for exhibits will be available at the show venue. Preparation workspace will be available.
- 2 Each exhibit must have a properly filled in Show Entry Card. Each exhibitor is responsible for his/her own show entries.
- 3 Any information on a Show Entry Card, which could compromise the anonymity of an exhibitor, must be concealed during judging.
- 4 Exhibits may not be changed, altered, relabeled, substituted or removed after judging has begun or after an award has been placed.

RULES FOR HORTICULTURAL EXHIBITORS

- 1 All classes in the Horticultural Division are open to anyone who grows daffodils, except where otherwise limited. Classes 262, 263, 269, and 270 are open only to ADS members.
- 2 An exhibitor may make as many entries as desired in any class, provided each entry is a different cultivar or species or an entirely different collection of cultivars and/or species.
- 3 An exhibitor must have grown all blooms in the Horticultural Division in the open. Miniatures, species and container-grown daffodils may be grown in protected areas.
- 4 Entry cards, wedging material and staging tubes will be provided. No daffodil foliage is permitted except in Section P.
- 5 All collections of five stems or more must be exhibited with each stem in a separate staging tube. Each cultivar or species must be labeled with name, division and color code. In addition, name of originator is required for Classes 252-257 and 268. Exhibitors must provide their own labels. The type of collection, for example, "White Collection" or "English Collection," is required but individual cultivar names are not required on the Show Entry Card.
- 6 Single-stem and three-stem entries for one cultivar or species must correctly list name, division and color code on the Show Entry Card. Entries that are not named, or are incorrectly named, will not be judged except in Section U or G.
- 7 Miniature daffodils named in the most recent ADS approved List of Miniatures, with any official additions thereto, may be shown only in the classes for miniatures. Any named or numbered diminutive daffodil that appears graceful, with all of its parts proportionately small, may be entered in miniature classes. Judges may decline to judge an unofficial miniature if, in their opinion, it is too large to be considered a miniature. However, Historic Miniatures that are no longer on the ADS approved List may be entered as Miniatures in Historic Section H.
- 8 An intermediate daffodil is a standard daffodil in divisions 1, 2, 3, 4, or 11, having a single floret whose diameter is typically between 1.5 and 3 inches (50-80mm). Intermediate daffodils may be entered in all classes for standard daffodils as well as Section I.
- 9 Historic daffodils are daffodils originated before 1940. Blooms of historic daffodils may be shown in all classes for named cultivars as well as Section H. Section H requires year of origination as well as cultivar name, division and color code on the Show Entry Card.
- 10 Blooms of seedlings may be shown in all classes for named cultivars. Seedlings shown by the originator require seedling number, division, color code and parentage, if known. Seedlings shown by others additionally require the originator's name.
- 11 Only one First, one Second, and one Third Ribbon may be awarded in each class. Honorable Mention Ribbons may also be awarded if merited, but only if First, Second, and Third Ribbons have been awarded. First, Second, Third and Honorable Mention Ribbons may be withheld by the judges if, in their opinion, the exhibit is not worthy.
- 12 The show committee reserves the right to subdivide classes when there are three or more worthy exhibits of the same cultivar or color code, and if a sufficient number of worthy exhibits is left in the class. Species may be subdivided by their botanical sections.

TO: All Exhibitors

RE: Advance Preparations Before Show Day

The Show is to be held At Bachamn's Lyndale Store 6010 Lyndale Ave S Minneapolis, MN Contact A member of the show committee for directions to unload materials. The Heritage room will be available For Staging on Friday May 5 from 5-7:30 PM and Saturday from 6:30-10 AM Exhibitors are urged to read the Show Schedule carefully, including the Rules section, before preparing Show Entry Cards. Advance preparation of Cards will enable you to place your entries quickly and correctly. Cards will be available at the March Members meeting of the Daffodil Society of Minnesota.

Cut blooms at least one day in advance, keeping them in water in a cool place. Before combining daffodils with other flowers for arrangements, keep daffodils separately in cool water for 12-16 hours; then use fresh water in design containers. Label blooms as you cut them in the garden, writing the names on the stems with a pen (a 'Sharpie' works well). Early blooming cultivars can be cut and held for two weeks or longer in a non frost-free refrigerator. Maintain high moisture content by placing a damp towel in the bottom of the refrigerator, or by misting the blooms daily. Be sure all blooms are free of dirt and pollen in the cup before placing them on the show table.
